

The Colorectal Cancer Multidisciplinary Team

Reference Number: ULHT-LFT-0906 v9

Issued: September 2020

Review Date: September 2022

Who are we?

A group of highly qualified, dedicated professionals who work closely together and meet weekly on a Friday morning to diagnose your illness, discuss treatment options and treatment plans and to decide the most appropriate treatment to offer you.

All patients are different and have different needs and are given individualised care planned with the patient as an integral part of the team.

The Team

Aims to provide the highest possible standard of care and support for you and your family.

The team may invite additional professionals to join them in their discussions about your illness, if they believe that this will benefit your treatment and progress.
