Further explanatory information should be provided below where the Board has been unable to confirm declarations under G6.

The Trust has taken steps to comply with the conditions. The Trust has developed a quality and safety improvement programme to address the matters raised by the CQC and the Board has focussed on work to make improvements to Strategic Risk Register and BAF during the year. The Annual Governance Statement and Head of Internal Audit opinion however reflect the outstanding issues and the Trust recognises that it is unable to confirm against the declaration following the Inspection by the CQC during 2018 which resulted in the Trust being rated as requires improvement and whilst remaining in special measures for quality and finance and the continued inconsistent performance against the constitutional standards. The Board continues to work to address those issues which have been raised through the Quality and Safety Improvement Plan and continues to review governance arrangements with the support of an Improvement Director and Financial Adviser.
